

How to display your COVID Alert QR code poster

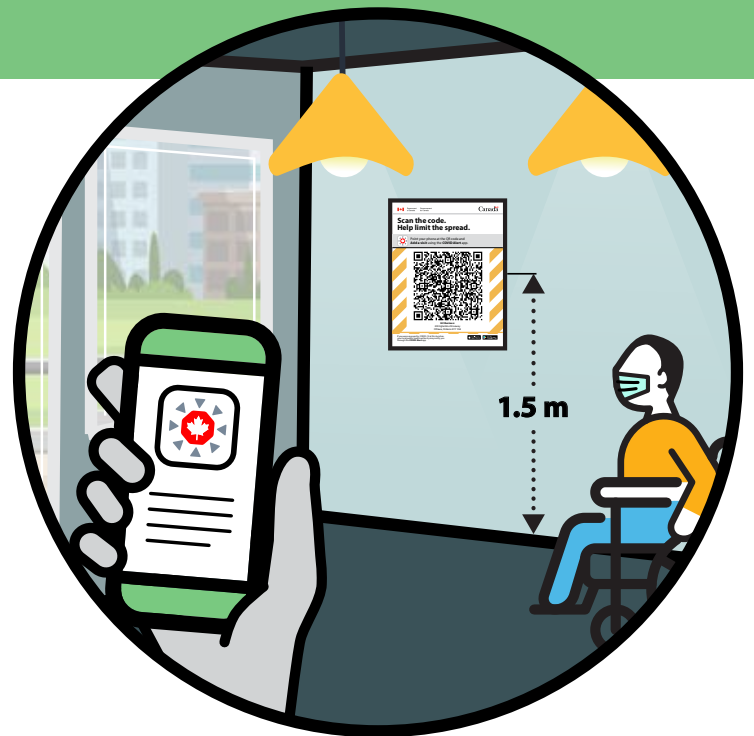

Staff and visitors can easily scan the QR code if you display your posters:

- at each entrance and inside
- about 1.5 metres from the ground to the center of the poster
- on flat surfaces that don't move
- in well lit areas where there is no glare (e.g. not behind glass)

DO

- ✓ Print* and display the entire poster as it is sent to you
- ✓ Display as many printed and digital copies as you like on windows, walls, tablets and TV screens
- ✓ Place posters where they're visible and easy to scan by staff and visitors
- ✓ Ensure physical distancing can be maintained while scanning
- ✓ Encourage all staff and visitors to scan upon arrival

*COVID Alert QR code posters are designed for standard letter-sized paper (8.5 x 11 inches). You can also use other paper sizes to meet your needs. Posters can be printed in colour or in black and white.

DON'T

Crop the poster or the QR code

Place the poster on sliding or revolving doors

Place the poster in hard-to-see areas

Place the poster high-up or in hard-to-reach areas
